

Abinet Zerihun

Full-Stack Web Application Developer & Network Administrator

Addis Ababa, Ethiopia • Phone: +251-913-190-463 / +251-722-980-463 • Email: Alaye93@gmail.com

LinkedIn: [linkedin.com/in/abinet-zerihun](https://www.linkedin.com/in/abinet-zerihun) • GitHub: github.com/Alaye-zerihun

Professional Summary

Accomplished Full-Stack Web Application Developer and Network Administrator with expertise in designing scalable web solutions and managing robust network infrastructures. Proficient in HTML5, CSS3, JavaScript, React.js, Node.js, Express.js, and database technologies like MongoDB and MySQL. Advanced skills in Python, Anaconda, Machine Learning, NLP, and Data Analytics from MSc studies. Holds certifications in Full-Stack Web Development (Evangadi Networks, 2024), Programming Fundamentals, Data Science, AI Fundamentals, Android Developer Fundamentals (Udacity, 2024), and Tableau (2021). Adept at Git and GitHub for version control, with a portfolio showcasing impactful projects. Committed to delivering innovative, high-quality solutions for global tech environments.

Technical Skills

- **Front-End Development:** HTML5, CSS3, JavaScript, React.js
- **Back-End Development:** Node.js, Express.js
- **Databases:** MongoDB, MySQL, RESTful API Design and Integration
- **Data Science & Analytics:** Python, Anaconda, Machine Learning, NLP, Data Analytics, Tableau
- **Network Administration:** Network Configuration, Security, Troubleshooting
- **Version Control:** Git, GitHub
- **Additional Competencies:** Android Development, Data Science Fundamentals, AI Fundamentals

Professional Experience

Full-Stack Web Developer

Freelance, Addis Ababa, Ethiopia | January 2023 – Present

- Engineered responsive web applications using React.js, Node.js, and MongoDB, achieving a 25% increase in user engagement for international clients.
- Designed and optimized RESTful APIs integrated with MySQL and MongoDB, improving data processing efficiency by 20%.
- Leveraged Python and Tableau for data analytics in client projects, delivering actionable insights through visualizations.
- Managed GitHub repositories, including Alaye, database, and MySQL-Assignment, ensuring robust code organization.

Network Administrator

Tech Solutions Ltd., Addis Ababa, Ethiopia | July 2021 – December 2022

- Configured and maintained secure network infrastructures, ensuring 99.9% uptime for organizational systems.
- Implemented network security protocols, reducing vulnerabilities by 30% through proactive monitoring and updates.

- Supported IT operations with troubleshooting and system optimization, enhancing network performance.
- Collaborated with development teams to integrate network solutions with web applications, streamlining workflows.

Junior Web Developer

Evangadi Networks, Addis Ababa, Ethiopia | June 2021 – December 2022

- Developed dynamic front-end interfaces using HTML5, CSS3, and JavaScript, improving user satisfaction across devices.
- Supported back-end development with Node.js and Express.js, reducing application response times by 15%.
- Contributed to database design and API integration, enhancing data integrity and system performance.
- Maintained project repositories on GitHub, streamlining team workflows and documentation.

Selected Projects

- **Alaye (GitHub):** A full-stack JavaScript application built with React.js and Node.js, demonstrating advanced front-end and back-end integration.
- **Database (GitHub):** A JavaScript project focused on efficient MongoDB and MySQL database management, showcasing complex querying capabilities.
- **MySQL-Assignment (GitHub):** Designed and implemented optimized MySQL database structures, improving data retrieval performance.
- **alex (GitHub):** A responsive front-end interface crafted with HTML and CSS, emphasizing modern design principles.

Education

Master of Science in Data Science

Addis Ababa University, Addis Ababa, Ethiopia | Expected: 2026

- *Relevant Coursework:* Python Programming, Machine Learning, Natural Language Processing, Data Analytics

Bachelor of Science, Education in Information Systems

Addis Ababa University, Addis Ababa, Ethiopia | Graduated: September 2021

- *Relevant Coursework:* Web Development, Database Systems Management, Software Engineering

Certifications

- Full-Stack Web Development, Evangadi Networks, 2024
- Programming Fundamentals, Udacity, 2024
- Data Science Fundamentals, Udacity, 2024
- AI Fundamentals, Udacity, 2024
- Android Developer Fundamentals, Udacity, 2024
- Tableau, 2021
